Office Hours: Tu, Th 10:50 - 11:50 AM

Textbook:

Elementary Linear Algebra, 9th Edition by Howard Anton

Course Coverage:

Chapter 1	Systems of Linear Equations and Matrices	3 weeks
Chapter 2	Determinants	2 weeks
Chapter 3	Vectors in 2-Space and 3-Space	2 weeks
Chapter 4	Euclidean Vector Spaces	3 weeks
Chapter 5	General Vector Spaces	2 weeks

Grading policy:

- Three exams equally weighted. Third exam is comprehensive. Makeups will not be given except with documented medical excuse.
- Attendance, class participation and homework will play an important role in determining final grades especially in borderline cases.
- Homework assigned the previous week will be discussed in class each Tuesday and will be collected at the beginning of class on Thursday. All pages should be stapled together. Late homework will not be accepted.
