Syllabus for MTH 211 F:
Calculus III

University of Miami, Spring 2020

`www.math.miami.edu/~cscaduto/teaching/211-spring-2020/`

Instructor:
Prof. Christopher Scaduto
c.scaduto@math.miami.edu
Office: Ungar 525
Office hours: 10:30–11:30 Monday & Wednesday, 9–10 Friday, or by appointment

♦ Class time and Location: 1:25–2:15 MWF, Stanford Commons 105

Textbook:
Essential Calculus, 2nd edition, by James Stewart.

Description:
In this course we will study calculus in several variables. We will cover chapters 10–13 of the textbook. Most of the material will be presented in a manner consistent with the presentation in the text; however, some may not.

Homework:
Each week I will assign some homework problems. The problems will be listed on the course webpage, whose URL is listed above. Homework will be collected in class. No late homework will be accepted. Your lowest homework grade will be dropped.

Exams:
There will be two midterms and a final. The dates for the midterms will be announced later in the course. The final exam is scheduled at:
♣ April 29, 2:00–4:30 (in our usual classroom, unless noted otherwise)

Grading scheme:
♠ Homework = 20%
♠ Each Midterm = 25%
♠ Final Exam = 30%

The letter grades will follow standard cutoff rules A- > 90%, B- > 80%, C- > 70%. Any adjustments will be in your favor.
